## 24 Volt Spring Return Multi-Blade Damper

### FEATURES:

- Multi-Blade Dampers (MMB) are placed inside ductwork to control air flow in warm air and air conditioning systems.
- The exterior side mounted linkage ensures quiet operation and a smooth in-duct air flow.
- The blades are mounted with friction minimizing nylon bushings.
- Extruded aluminum frame and blades make for a very strong yet lightweight damper.
- Gasketing included for high integrity seal.
- 24 volt spring return mid-torque motor, optional spring return high torque motor available.
- Available in 66 stock sizes from 6" to 24".
- Custom sizes also available.

### ORDERING INFORMATION

Please see the Duro Zone Price List Addendum for ordering information on all 66 stock sizes.
