

## 24 Volt Spring Return Retro Fit Damper

### FEATURES:

- High strength molded mounting plate is gasketed for leak free installation
- Retro Fit damper makes it possible to add a zoning system to existing 6" round ductwork.
- Slide in design eliminates the need to section, take down or redesign existing ductwork.
- Damper blade has an integral blade seal to minimize or eliminate leakage around the damper.
- Retro Fit damper motors are powerful spring open/power closed motors and can be linked together for tandem operation.
