SFVF Regulators

SFVF Regulators are available in two sizes for 1/4" shaft and 3/8" shaft base for a Hex Nut Regulator. They feature a wide base that fits securely to the ductwork and easily shows the damper position at a glance with the indication of 'open' and 'shut' on the base. It mounts easily on round or square ducts.

Regulators are often used in the field to adjust damper blades. Properly installing the correct regulator for your application can minimize air leakage and reduce rattle. Duro Dyne Air Regulation Hardware is all in accordance with SMACNA duct construction standards.

1/4" SFVF REGULATORS				
ITEM#	CODE	'A'	DESCRIPTION	PCS/CTN
6309	SFVF14-1	1"	1/4" Universal 1" Standoff Wide Base Dial Regulator	10/box
